

**MAKE TODAY AN
EARTH DAY**

www.ontario.ca/wastereduction

**In bin.
Out bin.
Blue bin.**

Pushing paper helps
keep a hospital
running. When you're
done with yours, push
it to the recycling or
confidential bin.

DID YOU KNOW? A tonne of recycled paper can
save up to 17 trees and 26,000 litres of water.
A little effort can go a long way.
